Interreg management verifications

Certified training, 22 September – 20 October 2025

Overview

This training is designed specifically for beginner-level controllers responsible for verifying the legality, regularity, and eligibility of project expenditures in Interreg projects. You will explore a range of essential topics, including the management verification process, eligibility of expenditures, public procurement, and how to identify and manage irregularities. Through practical examples and interactive exercises, you can improve the confidence and knowledge you need to navigate the complexities of Interreg project controls.

Who is it for?

This certified training is primarily designed for controllers working in both centralised and decentralised control systems of Interreg programmes. It is suitable for beginners who are new to Interreg, as well as those who have been working in the field for up to two years and wish to deepen their knowledge or update their skills in line with the latest regulations and best practices.

What will I learn?

By the end of the training, you should be able to understand the role of management verifications within the Interreg programme management cycle. You should also be able to understand your role in ensuring that EU funds are used correctly and in compliance with regulations.

How long does it take?

It typically takes 12 hours to complete all components of the Interreg management verifications training.

How do I get my certificate?

A certificate is issued upon completion of all mandatory components and the successful passing of a simple final knowledge assessment.

Interreg management verifications

Certified training, 22 September – 20 October 2025
